The Peak Income Model is a portfolio constructed of higher yielding Australian shares, hybrid securities and fixed income notes. It aims to provide investors with a stable income stream with diversification benefits to reduce risk.

Portfolio description

The Peak Investment Partners Income Model is a separately managed account (SMA) actively managed by Peak Investment Partners (Peak). SMAs are professionally managed portfolios of direct shares where the investor receives beneficial ownership of the underlying securities.

Investor profile

The Peak Income Model is designed for investors who:

- Seek a tax effective income stream with some capital growth.
- Have a medium to long-term investment horizon
- Accept the risk of significant share price fluctuations
